

I, Jane Winter, nominate Joanna Blue for the Phoenix Bowling Senate "Bowler of the Year" award. Joanna has resided in the Phoenix area for the past 15 years and has been a member of the PBS senate for 5 years. She is nurse by profession and is currently employed by Phoenix Children's Hospital. Joanna started bowling about 8 years ago as a way to "get out of the house". She found that she really loved bowling and has continued to excel at the sport.

In the current bowling season (2012-2013), Joanna has averaged 162. Her current bowling season accomplishments include:

1. Bowled a high game of 276 on 1/15/2013 bowling 100 pins over her average of 160 average at the time
2. Bowled a high series of 645
3. Improved her average by 11 pins over last season's average of 151

Some of her other bowling accomplishments in her career include bowling a 290 game with 11 strikes in a row and bowling a 702 series,.

Joanna bowls as often as she can and was able to bowl in her first TNBA Western Regional Tournament in November. Joanna also attended the PBS membership meeting in February of this year. She has participated in 2 PBS senate tournaments this season and also has entered in the PBS Monthly tournament.

I believe that Joanna should be chosen as the PBS Senate "Bowler of the Year" based on her bowling accomplishments and her support of the PBS senate.
